ROB KERMODE

Rob -

Well dude WERE FINALLY
OUT OF HEAR. WE STARTED
PAREYIN' IN TYPING LAST YEAR,
& NEVER LOOKED BACK. HAVE
A BLAZE THIS SUMMER & hopefullly
I'll SEE YOU AT USC ONE OF
THESE YEARS. DRINK SOME BEERS
FOR ME THIS SUMMER. LIVE FAST,
DIE YOUNG, GO BALLS OUT!
TAKE CARE.

Rick Cray

Ralphie -
We made it! Im so glad

FINALLY "Rob, Im so glad
that I got to know you. → and Im not
just saying
that.
You are a very special
person and I won't forget
you and your E-tickets.
I have a lot of wonderful
memories with you - gang
to visit your parents, early
breakfasts, car waxing, early
bbq's, ping-pong, early
a super person an
wish you the best
in the future. I'll
care of yourself. I'll
in touch - We miss
you! Always
Nat

Rob,
Glad I got to
know you better this
year. Douglas was pretty
cool. Do you believe all
his stories? who knows?
See you at my more
parties this summer.
Good luck, see ya around!
Shawn Wilson

Rob (Bro)
Audi, you're the best person
I could've met in my math
classes. Between my laughs
with E. Lonnelle our junior
year and C. Cordie our senior
year, we had a ton of laughs.
From your t-shirt business
it looks like you'll have a very
prosperous life. Even though I
was a little hyper, I hope
I made our math years a
bit more fun. I know you
did for me. Thanks for the
Physics homework etc... You're
a great friend. Stay funny.
Your friend (I think)
Larry "the Stud" Gell

Sistering to that bitch
Cunningham has been a terrible
experience for me, and by your
face expression it's been that way
for you too. Good luck at facing
the world! Steve (screw it)

FALL FFI.

BAH. WE MADE IT. SO MANY
GREAT MEMORIES OVER THESE
LAST FOUR YEARS. I'VE REALLY
ENJOYED YOUR FRIENDSHIP AFB.
AND I HOPE IT LASTS BEYOND
HIGH SCHOOL. YOU'RE TERRIFIC!

Newport Beach — A CLASS IN ITSELF

Ruby's — an old and new hangout.

Oh birdie, birdie, please don't!

Slashin' and bashin'

Newport — the school, the town — is a way of life. We've got the beach, the bay . . . we eat at Ruby's, we live at the beach. Porsche's and Mercedes' are an everyday sight. We've got some of the most expensive things to do, see, eat, and experience. Newport is our friends, our family, our car, our beach, our boat, our school. From the way we dress, to the way we talk, and the cars we drive — you would know we're from Newport. From sun up to sunset, from the tip of the Peninsula to the cliffs of Dover Shores we are Newport. We are Newport — and we've got class.

Sailing off the Wedge.

The view of the burning-basin.

The pavilion shining at night.

PAPARAZZI

Friendship — the golden thread with which we weave our lives — is the tie that binds us together. No matter where we go, what we do, our friends are there for us. They enrich us with a gift beyond money — just by being themselves. There is no price that can be put on the laughter and good times shared — even the bad times just bring us closer together. Our friends stand by us at Basketball tryouts, encourage us to ask a Homecoming date, and always seem to be there for us when things go wrong.

HOMECOMING GAME

As I stood up with the cheering crowd, because I couldn't have seen otherwise, I caught a glimpse of big blue blobs moving across the field. Standing on the bench, I realized it was our football team. The big game between Harbor and the #3 ranked Saddleback had begun. Although everyone had us destined to lose I was as enthusiastic as anyone. After all who loses their Homecoming game? (CDM) ... The game went quickly with a big struggle the entire first half, the score between teams remaining within three points of each other. Staying on my feet with the rest of the cheering crowd, I actually watched the plays of the second half. My eyes never leaving the field. I watched us suddenly overcome the Saddleback defense. The last 2 minutes we made the determining touchdown and I knew that we had it. We had beaten Saddleback 21-24. Not only had we won our Homecoming game, (which is more than some schools can say) we walked over Saddleback on our way to the top!

It's Halftime, and the crowd pours down to the fence. A float, blue and glistening, circles the field and stops before the grandstand. Six girls are on it—one will be Queen. One by one they are escorted onto the field by their fathers. The candidates are Amy Adams, Jennifer Hansen, and Kristen Bohlegel. Students arrive, carrying bunches of white balloons. The band plays and the balloons float, expelling out Jill. Jennifer Hansen is the Homecoming Queen!

HOMECOMING DANCE

Jennifer Hanen reigned over this year's Homecoming Dance, along with her court. It was held at Newport Harbor, and the Tones played. The Kiwanis club of Newport Beach supplied refreshments. The dance was semiformal, and all Newport Harbor students were invited.

Hour after hour, the dance committee was frantically trying to finish the preparations for our 1985 Homecoming Dance. Streamers and balloons loosely hung from the ceiling of the girls' gym.

Nearing nine o'clock, the chaperones began to arrive and immediately stood at attention. Jacobson, Murphy, Dominic and comrades were on the prowl carrying on tradition, the couples and stags pulled in fashionably late. Everyone scrambling for their tickets, shuffled through the patrol gate.

Everyone slipped off their shoes, as the sixties sound of the Tones drew everyone into the dimly lit gym. Girls wiggled and squirmed while the guys twisted and shook. As the crown was placed upon Jennifer Hanen's buxom, the crowd whistled and cheered. As the night flew by, the Santa Barbara Band, 685, took the stage and rocked the night away.

Joe and Jim—the Cinema in concert.

I mean, I grew up
in school and a house in the Bronx.
They were all so wonderful.
The horror, the terror,
family, friends, lab dogs, baby chicks, etc.
I have been free but from all right, I did meet for
total a woman whom she said "Gee, you are
Glad you took me home." And she was
happy.

If you ever need a friend,
I have a lot of love to share;
I will be here until the end,
To show how much I really care.

If you ever need a guide,
To help you see the light,
I will be right by your side,
To make everything seem bright.

If you're ever looking for Love,
You have to look no more;
For I will show you a side of love
That you have never seen before.

So, if you're feeling blue,
Just remember I love you!

Some people see themselves
As the ruler of the land,
And other people see themselves
As a small speck among the sand.

Still others do not see themselves
And have no feeling what so ever,
The rest just smile and see themselves
As a small speck among the sand.

But I wonder, just how
Do you fit in one of these groups?
Or haven't you found out yet
Is your head still spinning in loops?

Take some time to look down deep
To find out who you are,
Because each and every person
Is her own rising star.

Because you are my friend,
My life has more meaning.

I am a happier person

I am more fulfilled

I am more aware

I am more alive

Because you are my friend,
I can feel better about myself.

I see that I am worthwhile

I see that I am capable

I see that I am needed

I see that I am loved

Because you are my friend,

The best pleasant things in life are more bearable

I can face criticism

I can face hurt

I can face loss

I can face unknown

I can face anything

It is a special, unique relationship

I wish I could stay the same;
I wish I'd never have to leave
this security.

Why didn't I take life as it came?
So much planning for what's to be
As I look toward my open door

There are so many things waiting for me
To grow.

Places I've never been before
Experiences and opportunities and more

This means I have to grow
I have to leave behind all I know

My friends

My school

People who love me . . . To grow

To be the person I really want to be
To be free.

FADS AND CRAZES

The fads, the crazes . . . you know what they are when you cannot tell time without a watch or count twelve pairs of Reeboks during Math — that's a fad. Painted floral jeans — everyone has got something with a flower pattern. Then there's the baggy, baggy forensa sweaters over light stirrup pants. Rhinestone jewelry with its big brooches, oversized earrings, etc. . . . ALL are seen around NH's campus for the first time this year. For the guys, jean jackets and jeans in black or natural mean they are TOO COOL! Many are wearing plaid flannel shirts over T-shirts along with the ever present Ray bans. People are fads too. Miley Ringwald starred in several movies, and red hair became fashionable. And every Thursday night you could find the entire NH student body and half the faculty watching the Cosby show. Other faddy fads were Micheal J. Fox, RAMBO, "the Fridge," and Don Johnson. And of course, don't forget the University of Newport Beach sweatshirts.

CURRENT EVENTS

1985-86 was a time for many important events. One far-reaching event was the explosion of the Space Shuttle and the loss of the seven Astronauts aboard. We had a devastating earthquake in Mexico and an erupting volcano in Columbia. South Africa's conflict became world news and the police had a huge man-hunt for the walk-in killer. On the political side, Reagan and Gorbachev had a summit meeting. Aquino supporters overcame Marcos' despotic rule (while the world was shocked by Marcos' hidden fortune), and Princess Di visited America. Pete Rose won a Porsche with a home run. It was a time for contributions with Bob Geldof and Live Aid and the reconstruction of the Statue of Liberty. America became aware of the problem of AIDS, especially with Rock Hudson's death from this dreaded disease. There was another Tylenol scare. Americans were in the middle of another crisis as we became the focus of terrorist attacks. And finally rock queen Madonna shocked everyone by marrying actor Sean Penn!!

WINTER

THE NH DEFINITION

WINTER FORMAL (win'ter for'mel) noun 1.) A NH dance that is always sold out because it is held OFF Campus. 2.) always put on by 'Girls' League and always better than Homecoming. 3.) February 22, 1986 held at the Plaza de Cafe (not the Anaheim Convention Center!) 4.) starts at 8:00 but the Seniors always arrive at 9:30, fashionably late of course. 5.) it always has a wild band like Son-Desant. 6.) a 3 mile long line for pictures. 7.) girls in glamorous dresses, guys decked out in tuxs, corsages, boutonnières, glitter wigs, smiles and laughter. 8.) half way through they name the King — this year Chris Lawson Yea! 9.) Freshman groupies are in awe as they hang out by the bathrooms. 10.) administrators stalk the dance floor. 11.) People twist and shout til the clock strikes twelve then on to another party

JAZZY JUNIORS

You've almost reached the top: You're lower upperclassmen, and can practically smell victory, (and we can all smell the Chemistry stench coming from you). You get to experience the joys of all-night Orbach English papers and the fun of higher math. Keeping track of your keys in the bottom of your book bag is something new to learn as is remembering to turn off your lights when it rains. Hardly any Juniors can be found on campus because they are all at Del Taco and Naugles. And, at last, P.E. is no longer a requirement!"

SASSY SOPHOMORES

Distinguishing features of sophomores are the bug net over one shoulder, and the wrinkled forehead once they realize that second year language requires twelve new tenses. Otherwise, they are hard to spot. Unless, of course, you look for someone bullying a freshman. As

FLOUNDERING FRESHMEN

Sometimes you can just tell who the Freshmen are. They're the short kids with braces running around and showing off. They are only lower lower classmen, and can't even get permission to leave campus at lunch. They've got to take World History and PE and have to stick around all six periods. However, as Freshmen, they've got something to look forward to . . . There's no place for them to go but up.

Note: Due to lack of freshmen co-operation (or intelligence) there are only a few of them in the picture. It only took three tries to get this many. We were scared to try it a fourth time.

ASTOUNDING ACADEMICS

We asked NII teachers, “What is your other job besides teaching?”

ART

A:

Mr. Moeller — artist, Mr. Lee — an adult

Well, it's supposed to be a tree

Art is not just a class to fill in the holes in your schedule. you get to develop the creative side of yourself. Artistic skills — drawing, painting, sketching, creating — can help you in your career by giving you a chance to show your boss your initiative. What's more Art is a great class in which to have fun.

Kathy Kuhn — the artist is in.

BUSINESS

A:

Ms. East — a movie star, Mr. Peterson — long haul truck driver

Despite the difficulty in finding typing, once you get there Bus. ed can help you prepare for life in the real world (jobs, taxes, checkbooks, etc) and Bus. ed is more than typing, there's accounting bookkeeping. Even though Mr. Peterson has a booming penetrating voice (always telling stories about his kids), he can help you get a head start on dealing with bosses in the business world

Spot ran, Spot ran quickly

Learn to get rich, "The legal way."

ENGLISH A:

Mr. Kuhta — Chuck Berry, Mr. Ulander — news correspondent, Mrs. Orbach — diplomat, kindergarten teacher, Mr. Wakeman — multi-millionaire, industrialist, Mr. Twan — teacher, coach, Mrs. Coffee — Lois Lane, Mrs. Geerings — TV commentator, Mrs. Altschuler — an Olympic skier, Miss Vranicar — movie star, archaeologist, Mr. Malek — baseball player, lawyer, Mrs. Newsome — teacher, Mr. Haggy — adult, Mrs. Werner — librarian

Whether it's Shakespeare or Bernard Shaw, plays or short stories, the English Department is the place to find them. Your taught deep meaning behind sentence structure, and the hidden inner working of the perfect paragraph. There is no putting off your English classes. They're required all four years. So from the time you were a frightened freshman who didn't even know where Sims Hall was to your last Senior day, the English Department has its clutches in you in the quest for literacy

Only 2 minutes for cramming

I'm practicing solitude.

Learn the tactics of surfing Boys!

FOREIGN LANGUAGE

A real Frenchman wouldn't do that!

Say myn been, Greg

You LOVE German

It shall be done THIS way!

A: Mr. Coe — a teacher, Mr. Shura — a world traveler, Mrs. Philbrick — a pediatrician

Let's face it. Americans expect everyone else to speak English but we're rather lazy in learning someone else's language. Well, the Foreign Language Department is part of the process to change that. M. Gentile, Herr Shura, and Senora Johnson all try to teach us several different tenses, declensions, etc. in order to convey a sense of the language and culture. At Harbor you've got the choice of French, Spanish, Latin or German. In order to graduate it's necessary to take two years, so we hope you started two years ago.

HOME ECONOMICS

The three Stooges go cooking.

A:

● Mrs. Block — a buyer of a famous department store

You say your only edible accomplishment is making a peanut butter and jelly sandwich? Well, worry no more. Foods can save you! (You also get great experience washing dishes.) Sewing gives you a chance to learn the mysteries behind seams and tucks. Domesticity isn't as easy as it looks.

You want ME to cook?

INDUSTRIAL ARTS

A:

● Mr. Vanderlan — rich farmer, Mr. McLaughlin — a cowboy

Plan on having a dream house? Well, the 80's is the age of involvement. Design your house in drafting and give the carpenters a hand with what you learn in woodshop. If your car is having problems, autoshop can help you fix little knocks and pings or at least should help you decide how much the mechanics are overcharging.

Greg, you're at the tip of concentration.

But the chair was so tempting!

Math can help you understand how to plan, design, etc. many things. The question is, *do* you really want to know? Or would you be happier saying someone else to find out how much water will exactly fill your pool, or how much paint it takes to cover your house? The Math Department at Harbor can drill algebra, geometry, trig., calculus, etc. into your head, but it's up to you to make it stick. For those talented individuals who can, we salute you.

Mr. McGinnis Teacher

For those of you who aren't sure what the media center is, it includes the part of the library that teachers can only seem to get for their classes months ahead of time, and that students out of class sneak to watch M.T.V.; the video room. However, there's much more than that. There are also those space machines that we always ignore when we pass into the library. Chances are, there are the microfilm and microfiche machines. These show all the magazines articles you'd ever want to see from any magazine from the 1940's to now. The media center, though you may not know all that it consists of, may just be more useful to you than you would think.

CAREER CENTER

A

Mrs. Birch — An actress

World History breaks for one week as a freshman. Everyone gives a sigh of relief until a folder is shoved in front of them by Mrs. Birch, which they're told to fill out. On goes a week orientation to Career options. All one can think is "I don't even know what I want to take next semester . . . A Career?"

But there's more to the Career Center than just career options. Finding a job takes a matter of moments with the bulletin board full of job opportunities at your mercy. Work permits can be obtained here, and tasks for career ability can be taken. You ask, why all this trouble for just one decision? A career is the chance of a lifetime.

David, Patience is the key to success.

P.E.

Where did the bat go?

A:

Mr. Bvers Rich and Famous

P.E. is a requirement. That's the first thing that is told to you by your counselor as a freshman. This is where you make the decision to go out for a sport or begin P.E. Our physical education department is designed to keep the people in shape that might not do it by themselves. Many skills in such sports as volleyball, basketball, and softball are introduced in their different seasons. Freshman are separated into boys and girls P.E. while 10-12 grades are co-ed. All in all, P.E. might be incentive you need to keep in shape!

SAFETY ED

This is a turning point, and a dangerous one (for us that is), in a Sophomore's life. According to your birthday, you are admitted to this class one quarter of the year knowing no more about a career except where the gas pedal is. You want to know even less when you start to see all the wonderful films on how many ways you can die in a car. Just as you begin to wish you'll never drive, you get to attend the simulator on afterschool hours — right when you desire the chance understand a German accent and sit in a fake car for 2 hours. All this, however, is a mandatory — along with Mr. Duffy's suggestive demonstrations with Ammie — to get that one green slip that opens the door to freedom, (and maybe a new car . . .).

Awe, come on Duffers, smile!

SCIENCE

There ought to be a rule that if you can find your Science classes on the first day, you get at least a B in the class. Then, if you survive without burns, animal bites, or getting suffocated by insect repellent or chemical fumes you automatically get an A. Well, sorry to disillusion you, but no such luck. You get to struggle through at least two years on your own. After all, where would the Sophomores be without their bug nets? The Juniors without their aprons? The Seniors without their Physic Migranes? Seriously, you learn a lot to help you in later life.

SOCIAL STUDIES

From World History to Anthropology, the Social Studies department is full of ways to find out about your civil rights, or your cultural origin. As a freshman, World History is required, and the religions of the world as well as ancient cultures are covered. Just when you think you've conquered those, you're thrown into U.S. History. All the Presidents names are retained in your brain as well the battles that you never knew existed but are sworn to have affected your life. Social Studies makes you remember the past that some people are more partial to forgetting.

MARCHING BAND

The marching band has accomplished a great deal over the year. They've gone to several games and won 1st and 3rd in two of them. They went on tour to Tucson, Arizona, besides playing every football and basketball game. The band is under the direction of Mr. Ken Owens, with Richard Royce as Drum Major and Steve Stacy as Assistant Drum Major. As a special project this year, the Band will be the host band of the Fish Fry, because they won the sweepstakes there last year.

DRILL TEAM

Ever wonder who the girls marching with the band are? They're the Drill Team! It's not easy to be a member, either. They have to spend long hours making up and perfecting precise marching routines, not to mention being at school at 7:00 to practice with the band. They've got to make sure they all spin their flags in unison. It takes a lot of dedication, time, and energy to be a member of the Drill Team!

JAZZ BAND

Newport's Jazz Band has played several concerts this year. They played at a Jazz Festival held at George Mason College, and also for many Junior High and some Elementary School kids. The officers of the band are grateful to Harbor student Greg Gonsky for returning to play bass guitar for the group. They practice every day under the direction of Mr. Ken Owens and student director Sam Yeaton.

CHOIR

Choir doesn't sing hymns as you might think, but sings new modern songs about modern subjects. They give two concerts a year: The Winter Christmas Concert and The Spring Concert, but they have to practice everyday during fourth period. Mr. Ken Owens directs the Choir, which has no smokers. Instead the thirty or so members all sing together. They are accompanied by David Ripley on the piano.

GOD AND SENIORITIS

The 1974-75 theatre season year for Hesperus's finest actors, who, along with Mr. Brown's 11 superbly directed, proved once again that Hesperus is a promising talent. This year the students were motivated by two different, yet complementary, plays: "God" and "Senioritis." "God," being of a more serious nature, filled the first half of the evening with a play within a play by Wendy Allen. It featured such accomplished actors as David Baker, Robert Ward, Tyson Litzgauer, and Greg Schmidt, just to make a few.

SENIORITIS

In the second half of the play, the viewers were dealt "Senioritis," a mid-spring array of aches and pains, full of hilarity based on "Saturday Night Live." Steve Reed, Dave Babson, Chris Conlon, Cissy Creek, Amy Adams, Amy Bloomberg, Robert Ward as Elvis, and much more displayed what they thought of the Senior Year of high school. Exploring two diverse forms of theatre in "God" and "Senioritis," the seniors combined their talents to present what proved to be the most enjoyable drama presentation in years.

SPEECH TEAM AND DRAMA

A new Drama teacher, Mrs. Brown, began teaching this year. The first evidence of her talents came out in the production of "Ced" and the musical "The Sound of Music". She's already redesigned the Drama room for small stage work and is very enthusiastic about new ideas. The department has many levels of classes from first year Drama to Production Class, which involves making sets and working behind the scenes for an actual production. The Speech Team is an outgrowth of the Drama department. It's a very competitive activity. The goal of the team together is to gain enough points through individual members. These people compete in front of prominent Drama organizations.

CLUBS AND ORGANIZATIONS

Handwritten text, possibly a signature or date, located below the drawing of the hand and pen.

LATIN

The Latin Club is famous for their annual convention. They dress up in togas for a Roman Feast, have various athletic and academic contests and generally have a great time. Harbor usually carries off several awards in both academics and athletics. Since Latin is the root of most languages, there is no way it could be considered a completely dead language.

GERMAN

Wie geht's dem Deutscher Klub Dieses Jahr? Prima! To start off the year advisor Mr. Martin Shira took the members on their annual trip to Oktoberfest which was celebrated this year at Alpine Village. Other activities include the sale of Gummi Bears, dinner at the Chalet, seeing the award winning movie *AMADEUS* and many other fun activities. All in all, the members of the German club learned a lot about German culture and language while having a terrific time. This year's officers were President: Kim Hoskins, Vice-President: Jason Brooks, Secretary: Ivan Larson, Treasurer: Ivan Resnikoff.

CALIFORNIA SCHOLASTIC FEDERATION

The California Scholastic Federation (C.S.F.) is a statewide honor society open to students with outstanding scholarship and good citizenship. At Newport Harbor all students with a 3.75 grade point average are welcome to apply to be a member of the C.S.F. club. Our main fund raiser this year was a See's sucker sale. The money will be used to provide scholarships for two or more honorable sealbearers (to

as a member for four semesters, one of which must be in the senior year). The advisor is Mrs. Cunningham with Brooke Stanley as President, Carter Brown as Vice President, and Jim Wheeler as Treasurer.

MORNING NEWS TEAM

Good morning, today is . . . and we're on regular schedule. How many times have we heard that this year? Only about 170 times. That is, if you could hear it above your friends in 2nd period. It is the morning news Team and their RFC. Their duty is to tell us about club meetings, upcoming events, possible scholarships, and sports. With some quotes and giggles from Brooke and Tanya they sign off leaving you (hopefully) better informed.

Although the name doesn't sound too flattering, the Thespian Society is a very honoring organization for the dramatic oriented. One must earn points to belong to it. The points are attained by being in Drama productions, going to Speech Competitions and winning in these competitions. Usually there is an orientation for new members, and eventually you earn different seals for your Thespian certificate. Being a seal bearer also means that you get special recognition on graduation.

CHINESE

Chinese Club seems to be out to wreck everyone's diet. First they sell M&M's, then it was Nestle's milk and white chocolate. But there was a reason behind their sales. Chinese Club was trying to raise enough money to fly to San Francisco for the Chinese New Year. Besides selling fattening food they held a car wash, etc. We're happy to report that they reached their goal and had a terrific time in San Francisco! By the way, do you have to be Chinese to join? Of course not!!

AFS stands for American Foreign Service. For a year they help foreign students and show them the American way of life. Are they in for a shock? And while they're recovering they attend progressive dinners, short-term exchange parties, and are Carra Espinha (Portugal), Simone Delbesne (Australia), Lorena Ferra (Honduras) and Diego Buech (Spain). The officers are Sean Ward—President, Chanty Mull—Vice President, Josh MacDonald—Treasurer and Moxy Russon—Secretary.

What country did this come from?

YLM, YLM, YLM¹¹

Carla Espinha, the realist from Almada, Portugal, across the river from Lisbon. Carla attends the University in Lisbon, and she enjoys sailing, dancing, swimming, and being with friends. Carla is always there with a big smile and is a great friend to all.

Simone Du Chesne, the excellent varsity tennis player, comes from Sydney, Australia. In Australia, Simone attends Monte Sant Angela, a private Catholic girls' school in Sydney located on the famed Miller Street. Simone likes a challenge, and is the smiling Aussie around campus. An excellent student, friend, and an all around fantastic person, that's Simone.

Lorena Funez, from Comanyaguela, Honduras, which is across the river from Tegucigalpa, the capital of Honduras, is a brilliant student and fun person. She attends the University National at Honduras and has already finished her first semester there. Lorena is a good person always ready with a smile to brighten your day. What an AFNer!

Diego Blanch, I'm 18 years old and was born in and live in Madrid Spain with my two brothers and one sister. My neighbor and coach started me paddling Kayaks many years ago. I hope to compete in the 1988 and 1992 Olympics for Spain. Until then I plan to attend college and continue training. Since I've been in California, I have learned a great deal of English and have made many friends. Newport is a beautiful place to train and I hope to return in the near future. I'm glad to be going back to Spain in July because I miss my family, however, I will also miss the many people I have met here.

Team strategy — to the top.

Newport, GO FIGHT WIN! The girls' varsity basketball team began every game with this motto. They worked hard, fought tough, but were not successfully winning. But they had fun. Decked out in their polo shirts and burmy shorts, they circled the court with bursts of yelling and laughing before warm-ups. During the game when the goin' was rough, the girls surrendered to the Kamakazi. By the end, everyone had bruises.

Although there were only three returning varsity players as well as three new recruits, the team had characteristics of its own. They dedicated much time and energy to make their team the best and each victory was a result of teamwork and cooperation. The team could not have been successful without Chantel, Lara, Jenny, Michelle and Carla. Great work gals. Good Luck always. Go, boo-boo!!! Oh, we can't forget our devoted captain — Ardath Yamaga — Thanks!

P.A. is their password. P.A. — positive attitude. And as the newspapers chronicled, their positive attitude helped them win victory after victory, led by Buffy Rabbitt and Maggie Henson. In 1985 the girls Cross-Country Team won every league meet and every invitational but one. They placed third in C.I.F. finals, fighting tough competition from La Mirada.

N H. Field Hockey had a great season and were ranked number two in C.I.F. Coached by Cathy Van Dornum, the teams played well with great dedication. The leaders of the first team were Tina Royce and Julie Evans, with Cheryle Carr and Anne Baxter heading the second team. They reached the Semi-Finals in CIF until they were stopped by Edison, whom they had beaten two times before. Their concentration on the field really paid off, as did their long hours of practice every day.

MUSCLE SPASM

Simon says — Don't fall

Advanced Dance was a new sport this year, taking the place of Gymnastics. They felt very fortunate to be able to engage Mrs. Kathy Myers to instruct the advanced dance class and oversee the auditions that were held in January. They hope that the class might be a full year sport, taking place during both semesters. The girls are mostly recruits from last year's gymnastics team, and so are very talented and skillful. They put on recitals which involve athletic moves with dancing steps

SOCCER

Undefeated this season, number one in the League, need we continue? Girls' Varsity Soccer has done exceptionally well. They've beaten Corona Del Mar and University in some tough matches that decided the League winner. Michelle Burns and Missy Bershad have done an excellent job under the lead of Coach Mikki Huntress. The graduating seniors, Karen Grundhofer, Mindy Dalton, Schellie Walsh, Nancy Coyne, and Sherry Hillburger, will be missed next year because they have contributed so strongly this year.

Not only does experience and talent make a great team, but so does good sportsmanship. This year's team had a lot of fun. Led by the awesome pitchers, Julie D. and Lynn L., the 1986 softball team is the surprise of the Seawater League. So far, Newport has a record of 1-0, losing to Alamitos in a close battle and beating Santiago with a score of 4-1.

All the team members like Claire R., Jami G., Lynn D. and that super freshman, Rosie R., are versatile athletes that are able to do just about any position. Their tough defense consists of Michelle B. at shortstop, Kelly N. at 3rd and Judy T. & Michelle W. behind the plate. Along with their strong defense, their line-up is filled with talented hitters such as Nicole S., Nicole H. and of course Kari Y.

So, keep your eye on this year's team because with seven returning players and an awesome new coach, Tim Parsel, they're going all the way to CIF.

Congratulations to the 1985 Girls' Tennis Team — You finally made it to CIF! What a dedicated team they were to practice in the scorching heat when they were dying to jump in the water polo pool, playing those important matches even though they had forgotten their tennis pants, and last the wild trips to the boonies just to demolish another team's pride. Yes, all this dedication did pay off because they got to the second round of CIF — and accomplishment long over due. What a team they were this year! You never know maybe one of them will win Wimbledon in the near future.

With a combination of individual talent and team spirit, Newport Harbors girls' track team is on its way to another very successful season. Led by the support of outstanding coaches who know just what to say and who follow a team motto of a "Positive Attitude," the girls team is looking toward another league Championship this year. Since track is a combination of sprints, hurdles, distances and field events, the entire team must unite and so their best in their events to work toward a common goal: Winning! Seniors contributing to this year's success are: Maggie Henson, school record holder in the mile and two mile run, Buffy Rabbit in the 880, and Sharon Attlessey in the hurdles! Distance runners are: Michelle Anderson, Romney Resney, Vicki Krasel and Hurdler Moya Sullivan. Also track has very talented underclassmen, so the program will continue to be glorious and victorious!!

This was a special year for the Newport Harbor Girls' Volleyball Team. They went undefeated in the Sea View League, and reached the CIF 5A finals, and the State Division I finals. The Harbor Girls were ranked 2nd in the state and 7th in the nation. They dominated almost every team they played and ended the season with a 22-2 record.

The team would like to give a special thanks to the four seniors Lara Asper, Kim Gray, Suzanne Huffman, and Laura Power for their leadership and example that made this year a very special one for everyone involved.

GAA — or Girls' Athletic Association — is for girls who show above average athletic ability and are willing to stay after school one day a week to practice. It's also convenient for girls who play a sport for part of the year. The year is divided into four parts, and each quarter the girls play either volleyball, soccer, basketball, or baseball. In GAA they also play against other schools such as Huntington Beach. GAA is coached by Mrs. Carcof and Mrs. Caldwell.

Touchdown — We're #1!

Four years ago, a group of Freshmen became our first Frosh team to begin a four-year tenure under the same system of play. You were 2-7-1 as Frosh, but learned the system well, as your 19-4-2 record indicates.

Your 19 wins tie you with the 1974 Seniors as the winningest two-year group in N.H.H.S. history. I'm not certain of the '74 Seniors' Frosh record, but it is quite possible that you came further than any team in the school's history. You did this because you worked very hard during the entire year. Remember this as you move on in life — hard work is the most consistent measure of happiness and success.

You have clearly demonstrated what hard work can accomplish. Keep it up!

Best of luck.

The Sophomore Team of '85-'87 was under the direction of coaches Bill Brown, Lane Weber, H M. Lancelotti, and Matt Kamura. The team started the season out by defeating Santa Ana who had beaten them the previous year. After close losses to Irvine, Woodbridge, and Saddleback, the climax of the season was the victory win over CDM 28-19. The team placed 3rd in League over all. Some important players are as follows: Team Captain Dave Hancock, M V P Randy Farr, Most Improved Perry Mason. Nine players chose to stay on with Varsity to C.L.F. . . . Good job, Sophomores!

When a group of Freshman get together in any sports event, who can truly predict any outcome? After seeing the freshman football players for the first time, I knew there was a good nucleus of young men with talent. A 7-3 record proves they can win football games. I now would like to see them win in their daily lives by making good and positive choices. Good Luck!

Newport Varsity Waterpolo again carried on the winning tradition, led by Coach Bill Barnett (the present Olympic Waterpolo Coach). The senior standouts Rob Mihalko, Joe Andranian, Matt McLaren, Rob Stewart, and Jeff Woodruff in the cage led Newport to second place in league and to the C.I.F. semifinals.

Sophomore team resting after a hard workout

Harbor's freshman water polo team went undefeated throughout the season. Sean Norton was the most improved player, while Steve Moore was the most valuable player. Jason Phillips was the team leader.

The sophomore team played excellently — only losing 3 games all season. John Ruffini was the most improved player this season. Erik Jewell lead the team, and the most valuable player was Steve Madigan.

Newport Harbor's Varsity Basketball team was a surprise in the Sea View league. Despite having no returning starters and only two lettermen, the team finished in a tie for third in a league considered to be the most competitive in Orange County. In preparation for league games, the team won the Consolation Trophy at the Lt. James Mitchell Tournament, and finished second at the Capital Classic in Carson City, Nevada. League play began with a great effort in a win over highly regarded Woodbridge and culminated in a third place tie and being edged out of the C.I.F. place in a double overtime loss to University. The players achieved a great deal more than so-called experts predicted. Newport was a team of winners who pushed themselves to the limit every day. This was demonstrated during the last game when, down by 9 points with 2:13 to play, they mounted a comeback to force the game into two overtimes. The Varsity team should be very proud of this season.

This year's Junior Varsity team consisted of a group of guys who believed in playing hard and with incredible enthusiasm. They proved to the top two teams in our League, that they could come from behind and take the game to the buzzer. Their overall desire and will to improve should lead each individual to some very fulfilling goals.

Sincerely,
Coach Rucker

The 1985-86 basketball season for the Sophomore team was one in which valuable experience was gained that will pay off in the future on the Varsity level. Led by the all-around play of Mike Nguyen, the floor-leadership of Mike Harden, the consistent hustle of Jim Wilson, and the inside play of Kirk Summers, Tyler Koon, and Rob Lobl, the team played nearly every game very closely. Although the record shows the losses outnumbered the wins, learning to stay together through adversity has given each player the attitude of a winner. This is a sign of successful season.

The freshman basketball team, coached by Chet Malek, was led by the consistent play of Tom Walker and Scott Gray. The players learned many skills that will help them in the next years.

The name Newport Harbor became a familiar one in the Sea View League this year. Harbor's superior skills and record of wins put them on the soccer map. Boys' varsity started off slowly but gained momentum as they brutally defeated several first place teams. After a successful season, varsity found themselves on top of the League and on their way to C.I.F. This is the first team in 9 years of Newport Harbor Soccer History to make it to C.I.F. Coach Roger Leighton hopes to make this year's winning streak into a winning tradition.

The J.V. soccer team had an excellent season this year even though they probably set a school record for most games tied. Although they did tie many games, there is no doubt that Newport Harbor had the best athletes and one of the best teams in their League. Their key players were Chris Reed with 4 goals scored, Mike Palmer who supplied leadership along with strong defensive support from Jason Gan and Erik Berg. The highlight of the year was a come from behind 2-1 victory over Estancia at their field. All in all a very satisfying year.

The 1985-86 frosh/soph soccer team was one of the strongest Newport Harbor has fielded in a long time. The season started off with a second place finish in the Fountain Valley Frosh/Soph Tournament by beating Mater Dei, Huntington Beach, and El Toro, only to lose in the championship game to Foothill 1-0. With a league record of 6-2-2 and an overall record of 10-3-3, the strength of the soccer program at Newport looks to be a very promising one.

The 1986 track season, though lacking in team depth, was one of some very outstanding individual performances. They were led by Carter Brown, probably the finest distant runner the school has produced, who broke the school two mile record. Also, Will Fisher continued the parade of excellent pole vaulters at N.H.H.S. Also showing by seniors Joe Cobo, Erik Kloster, Maurice Lee, Keith Maxwell, Ryan Todd, and Bryan Wildman.

The strength of the team seemed to lie with the juniors and sophomores. With outstanding performances by juniors — Collin Bode, Mark Chiu, Dan Noack, and Steve Whelan. The very strong sophomore group was led by Scott Morency, R. W. Henson, Jim Geerlings, Mike Dixon, and Brian Gibson. These returning underclassmen indicate a very strong future.

This year's swim team continued Newport's outstanding tradition of success. The team was led by seniors Rob Mihalko, Rob Stewart and Rick Craig. Although swimming takes second preference to water polo, the team overall came through with excellent efforts especially from the juniors and sophomores. The outstanding coaches, Jeff Stiles and William Jewell whipped the sometimes stubborn boys into another successful year in the tank. The team was blessed with a variety of talent from the continued leadership of the seniors to the dogged juniors to the aspiring sophomores to the eager freshmen. The team would like to thank everyone who supported them throughout the year especially their parents and the booster club.

Varsity tennis ranked tenth in C.I.F. this year. There were no standouts, but instead exerted a well balanced attack. Among the top singles players were: Daryl Miller — who has spent 3 years on first team varsity, Jack Banks a transfer from Northern California who was most valuable player of his old league, and Chris Rabbitt who, although only a freshman, is one of the top players in California in the 16 years and under division. The top doubles players include Jeff Martin and Jeff Dorman whose experience, intensity and spirit make them a tough team to beat. The other doubles teams are Kent Greeley (junior) and Jarne Hardin (freshman) and Quatro Baker (sophomore) and Chase Warminton (freshmen). Chris Bleiker, the coach, led his team with his ability and knowledge. The youth of this team insured a great year and a dynasty for Coach Bleiker in future years.

JV tennis at Newport Harbor made a very strong showing, especially its underclassment players. Perhaps the top player on the singles team was sophomore Tony Shen. As for the doubles, a few of the strongest players included senior Brad Johnson and Sophomore Ben Sheffner and the juniors Ken Marata and Omar Burridge. The team coached by Louis Silberman.

Stu Hatch Throw'n it home

Kirk Summers throwing to first base

Wayne Heck coached a strong season for NH varsity baseball even though only 3 starters returned this year. Those players were Jon Mahoney, pitching; Tony Wren, shortstop; and Wes Torell, catcher. According to Coach Heck, Mahoney, a senior, is the hardest worker on or off season. Wren, a sophomore, is one of the best shortstops in the league and Torell, a senior, is an outstanding catcher and power hitter. Other excellent players are Ed Milum at second base who is one of the best hitters, Stuart Hatch, a really versatile player and Garth Tamblyn in the outfield. A surprise from Texas was Pat Maynard. He pitches well, can play anywhere and hits strongly. The varsity team has done a great job and showed some really excellent teamwork.

An interesting shot for Cathy Mockett

Varsity Golf at Newport has six returning seniors, four of which will graduate with four varsity letters each. Cathy Mockett, the Most Valuable player for the past three years, had an outstanding senior season. Steve Kostlan led the team in the early non-league matches along with P.J. Agnew who improved quite a bit. Last year's captain Jim Thrasher has had a great senior year. Mike Brewer has been playing his best golf in four years and has helped significantly in the non-league matches. Junior Bob Mansfield has improved more than anyone and we were proud of his valuable contributions. These players are extremely smart, have good swings and are championship caliber.

This year's badminton team, one of the few co-ed teams at Newport Harbor, has fought its way to CIF once again. Coached by Gloria Grotta, the team has worked very hard at this vigorous sport — and it is vigorous as most people don't know — to make it to CIF, and they're hoping that the top singles and doubles players, Penelope Mackie, Andrew Mackie, and Chip Acton in singles and Autumn Gray and Tracy Porter in doubles, will be victorious.

The yearbook staff would like to thank Mr. and Mrs. Walker from Cameo House, for their help printing and developing our pictures this year. Thank you for finishing all our rush orders and staying up late when we were behind. You did a fantastic job and can't begin to tell you how happy we are to have had your expertise. Of course we got upset when you kept endlessly promising 'you'll get them' but we always seemed to get them and on time. Thank you again we appreciate your help very much.

The Galleon staff would like to thank the following people for contributing their efforts.

FAREWELL

One step in can I see clearly
Alone and in the dark
Light began that rainy day
What's out there? You are here
A glimpse of light pulls you near
One step closer and you fall in
This is it. This is high school
A scary and mysterious word to you then
The trusty bus, the first report card
Everything is so new
A flicker of light comes to you in those first few days
You were walking away from those dark months
Day by day you got the courage you needed to carry on
And to step into another year

Second time around
You tell you know the way
Grades are important now
The pressure is in
Driver's Ed with Bully Health with Spangler
You scared the post simulator instructor to death
An extra ounce of freedom saved with your driver's license
Sweet sixteen and Mean sixteen
You were real becoming someone
Some kept their friends
Some lost or left them behind
It was a gra year everything was still unclear
a foundation of insecurities

High school is getting old now things seem to appear clear
It's the pressure point
Your junior year is your hardest year they told us
How many times did you hear "Where do you want to go to school?"
Enough times to create a frustrating echo in your troubled head But there were your
friends
Friendships through the years you've strengthened to hold up in rough times like these
They need you You need them The night of junior senior prom
Busy and yet always time to enjoy these precious years

Time flew by four years have passed
Memories to fill a lifetime
Some to remember some to forget
The long-awaited diploma is within your reach
This is it a silent thought stirred afresh
Nothing an step you now
The bright images of high school now locked away in your memory
Fresh empty spaces quickly filled by excitement aspirations and bright hopes
The best goodbye our foot barely out the door
Just when you found the light and the confidence
Again life made you to another door a new challenge

DEDICATION

On Tuesday January 21, 1986, as millions watched in silent horror, space shuttle Challenger 7 exploded, instantly killing the seven astronauts aboard.

The Galleon staff dedicates this 1986 issue to the astronauts, especially Christa McAuliffe, Teacher in Space. The last words spoken by Mike Smith, space shuttle pilot, epitomize the spirit of Christa McAuliffe, who sought to reach us all to reach for our own highest goals, "Go with throttle up!"

Christa McAuliffe, Teacher in Space

Challenger 7 Crew Members — Back Row, Left to Right: Mission Specialist El Onizuka, Teacher in Space Christa McAuliffe, Payload Specialist Greg Jarvis, Mission Specialist Judy Resnik. Front Row, Left to Right: Pilot Mike Smith, Commander Dick Scobee, Mission Specialist Ron McNair.

Also in memory of Todd Hubert, a sophomore at Newport who died in a hit-and-run accident, we dedicate this 1986 issue.

Rob.
I can hardly
believe we were
ally outa N.H.H. 5.
we have so... many mem.
aries from good some bad
It's hard to believe that I've
known you since kindergarten
woodland. I never did thank you for
being there I was so upset. Then there
brother where you & Phil, what an interesting
one got along w/ you & Phil. I can't even near
neighborhood. We came from the U.S. hel. man on
I have to admit that I'm so glad that you talk to
one another. I've too bad a lot of time. We always be
get together & I'm sure for such a long time. Oh well I wish
some of the good friends some in the future & I may call sometime
you all new memories who give you love & I a call sometime
friends. Keep in touch / give love & I a call sometime
Amy

P.S. say hi to
me. S.U. for

Rob -
 Mr. Dye's class
 was fun, even though
 I never did any homework
 We had a good group of people!
 I hope you made a huge profit
 on it of N.B. sweatshirts! Keep selling!
 by the time you're 25, you'll be a millionaire!!
 Good luck in college & have a
 really great summer!
 Delena

Rob - I've been
 great getting to
 know you and becoming
 so much more than a
 friend. We have been
 as I know I am
 happy all summer & I
 call (625-XXXX) all
 must have a great
 stay with you & your
 wife!
 Total

Rob -
 We're finally out here '94!
 Things sure have changed
 since our Sophomore year
 partying at Scott's, what
 memories. Some good some
 bad. I'm just glad we've
 become friends because
 you're a great guy. We probably
 will party at C.C.C. and at
 Summer time. When Tim and
 I move out we'll all have
 to party. Keep in touch
 #548-5104 until July. English
 was the worst class but you
 made it possible. Good luck
 in your future and lots
 of happiness.
 Love ya,
 Kim

Rob-

Well dude after being together for two years were finally out of this place. We had some raging times together, lets not stop. This summer we will have to rag. See ya at the beach. Don't forget to call and inform me on the night time situations.

Your Friend,
Darryl Gan

RALPH,

Well, its been good year all in all, we made some dinero, emptied some beers into our stomachs, and had one hell of a time together. I'll never forget our

jail escapade, and the time we got busted shootin bb's at

that slumber party where stress, we'll party more this summer and add to the memories

Rob! We're stylin' to be outa the women's club. (D.B.)
Chuckie's class was fun. We'll party in the streets this summer.
I look forward to a few more parties.
Best love, your old friend

Rob - (hic - Redneck - Cowgrabber)
Well we had fun our last two years in both Math with Gurgard and physics with Dukeo although I barely got by I sure had fun doing it. Well you ugly piece of shit I must say we still will party more together. Remember getting drunk before girls variety soccer game versus Corona. Getting drunk is the only way to go but hey keep in touch and good

luck in college maybe one day I will get my rear in gear and catch up. Don't lose my phone number hic. Backward ass country Suck. Take Care Dra.
